These modules draw on universal principles, cooperative and experiential learning techniques, educational activities and games, personal and people skills and reflection upon current problems and challenges facing India and the world, including the problems faced by the younger generation of university and college students. Hence personal development, family environment, career and professional development, and service to society are the contexts within which the development of human values and soft skills are addressed.

1. The Bahá'í Academy's Commitment:

- i- The Academy will conduct the necessary Teachers' Orientation and Refresher Workshops on the modules of Courses under this Memorandum as per a schedule agreed by the Bahá'í Academy and Arts, Science and Commerce College, Indapur and the Bahá'í Academy, Panchgani College. Each faculty member thus trained will form a Study Group among students and train them as per the course content and methodology. (It is preferable that initially the Teacher:Student ratio for these Study Groups will be about 1:25)
- ii. The Academy will support these study groups through visits, at least three times per module, by its Programme Officers, to guide and facilitate their progress to fulfil the educational objectives of the programme. They make suggestions and recommendations to the teachers / mentors and College authorities in this regard. These visits will be part of this MoU; no honorarium will be provided to the Academy Officers for these visits. Travel expenses and hospitality will be provided to the Academy representatives by the College.
- iii. The Academy will conduct assessment and evaluation of the students' progress at the end of each module and prepare Certificates/Diplomas (and transcripts) at the end of each Course for the deserving students to be issued jointly with the College.
- iv. Similarly the Teachers who mentor these students, the College Principal as well as the College receive from the Bahá'í Academy their respective Certificates of Accomplishment.
- v. The Academy will carry out one joint research project per module with the College. It will be related to various aspects/impacts of education in universal human values, and provide required academic and administrative support for the same.

2. Arts, Science and Commerce College's Commitment:

- i- The College decides and informs the Bahá'í Academy what percentage of its students and teachers should receive the benefits for this MoU during its 5-year term.
- ii- The College will provide financial support for Teachers' Orientation Workshops/FDPs, and Administrative staff workshops.
- iii- The College will ensure that on completion of their training the trained teachers (who will become mentors for Education in Universal Human Values programme) form Study Groups of about 25 students each and implement the Course among them on payment of the Course fees by the students. Students can grow through higher modules each subsequent year and achieve higher levels of competence and certification.
- iv- The College will ensure that adequate publicity is given to the programme among the students through various means.
- v- The College will provide a slot of 3-4 hours in its weekly timetable (for about 10 weeks in one or two semesters) and/or a few days campaign in its annual calendar for implementing contact sessions and service learning activities, that is a total of 40 hours per module for contact sessions and about 30 hours for Service Learning Activities/Community Project.
- vi- The College will ensure that the mentors' reports and students' assignments are submitted to the Academy on time for evaluation.
